Subject: 4 acre waterfront parcel - owned and up for sale by the DNR

Hello,

The Conservancy thought we would let the Township and County know about a parcel that is available via the DNR's land sale website for purchase by either a conservation organization or local unit of government. The Conservancy doesn't feel that it is quite the right fit for us to own and resides better with a local unit of government, but it has a small boat launch and pull off with access to Lake Michigan. There is no pressure on our end, but if there's any interest we'd be happy to help with the application process. Here is a link to the property:

Thank you, and feel free to reach out if you have any questions.
