Public Comment at Meetings of the Hayes Township Planning Commission

The Hayes Township Planning Commission values public input and offers opportunities for the public to comment at its meetings. This affords the Planning Commission the opportunity to hear your views and remarks. If you speak, you should not expect to engage the Planning Commission members or any staff in discussion or debate.

Planning Commission Members will not respond to comments made during the Public Comment unless it becomes necessary to ask clarifying questions, correct a factual error, or to provide specific factual information.

Questions about Township matters are best directed to individual Board members or Township staff (Planner, Zoning Administrator, or Assessor) between meetings. Contact information is available on the township website at: hayestownshipmi.gov.

The availability of public comment is recognized by the Michigan Open Meetings Act. The Act provides that rules may be adopted for orderly comment from the public. To that end, the following rules have been established by the Planning Commission:

1. A person who wishes to speak during Public Comment will sign in and signify that they would like to speak on the form.
2. The person will begin by stating their name, spelling it out if requested.
3. The person addresses the Chairperson, or other person chairing the meeting, on behalf of the entire Planning Commission. Public comment is NOT to be addressed to individual Planning Commission members, to any township staff present, or to other members of the audience.
4. There is a three (3) minute time allotment for each speaker. The time limit may be extended by the Chairperson or majority of the Planning Commission members present. If a speaker uses less than three (3) minutes, they may not use the remaining time at that Public Comment. A speaker may speak only once at Public Comment. There is no provision for another audience member to 'donate' their three (3) minutes to another speaker. In the case where more than 45 members of the public wish to speak- time will be reduced to 2 minutes per speaker.
5. A speaker will be out of order if the speaker disrupts the meeting, fails to be germane, speaks longer than the allotted time, uses vulgarities or makes a personal attack on a Planning Commission member or Township employee that is unrelated to the performance of that person's duties.
6. If a speaker is called out of order, that speaker will not be able to speak again at the same meeting except by special leave of the Planning Commission. If the speaker continues to disrupt the meeting or is disorderly, law enforcement will be called to remove the speaker.
7. The Chairperson, or other person chairing the meeting, will have the discretion to permit members to speak at times other than the times reserved for Public Comment.

- Ms. Morehead presented they found two streams that were un-named in Hayes Township. Suggested to set a green belt of 15ft to 20ft on either side of these streams. These streams will need to be added to the zoning maps.
- Mr. VanZee suggested two categories to define farming separately.
 - Farm Commercial: structures, building and lands to support, for profit, bona fide farming activity or the raising of livestock or small animals as a primary source of income. Second definition.
 - Farm Domestic: A parcel of land used or intended to be used for agricultural purposes on properties other than Commercial Farms. Domestic farming includes keeping farm animals as pets and raising animals for educational experience, raising crops, vegetables, flowers, and general gardening activities. Dogs, cats, and other typical household pets are not regulated as a Domestic Farm.
 - Also suggested not allowing typical farm animals in residential districts except where parcels are significantly larger than minimum parcel size for that district, and a significant barrier is in place to protect residential character of the district.
- Mr. VanZee will research how to determine the number of units/acres needed to support X amount of farm animals.
- Roy Griffiths suggested taking the suggestions submitted by Derek Burnett regarding the different between boarding houses and a bed and breakfast to Beckett and Raeder.
- Mr. Greenslade suggested tabling the Waterfront article of the Zoning Ordinance to a later date. Allowing the Planning Commission members, especially the newer member; to research and learn more about protecting and preserving the waterfront of Hayes Township.
