BRINGS A RETURN TO HAPPINESS.

## Director's CORNER

Stroke is a much dangerous and serious problem that everyone must be aware of it and get involved in further spreading this awareness to others. It has been tagged the 5th highest killer disease, and in the United States alone, up to 800,000 people lose their lives to stroke. Today, we hope to create much awareness so that people can understand the causative factors and how to prevent them as well as the tell tale signs of stroke, how to manage stroke and the some-times disabling complications of stroke.

Stroke is a medical condition that occurs when the arteries that supply blood, oxygen and nutrients to the brain or those leading to it are blocked or ruptured.

This causes the brain tissues to have a limited supply of these essential components of its survival and death of that portion of the brain occurs within a short time.

When this happens, it's effects are felt on other parts of the body that are controlled by the affected brain part.

There are basically two types of stroke depending on how the blood vessel is affected:

### Hemorrhagic Stroke

This type of stroke involves the rupturing of a blood vessel. When this occurs, the spilled blood from the blood vessel into the brain puts some pressure on the brain tissues and raises the overall pressure within the skull. It is this increased pressure coupled with the interrupted blood supply that leads to brain tissue damage.

About 13% of all strokes happen this way and more often than not, the weakened blood vessels occur either as a result of a ballooning of the vessel walls (a phenome-

non known as aneurysm) or from prolonged and untreated high blood pressure.

### Ischemic Stroke

Up to 87% of all strokes are ischemic. In this type of stroke, a blood clot or a mass obstructs the free passage of blood from the vessel to the tissues they supply. In some cases, the blood clot can form just at the site where it eventually causes an occlusion and in some other cases, it would have travelled from a different part of the body where the diameter of the vessels are much larger to the brain vessels that are smaller in diameter, also resulting in an occlusion.

### THE RED FLAGS - SIGNS AND SYMPTOMS OF STROKE

It is important to know the red flags of stroke and get professional help quickly as recovery from stroke is time dependent. Some of the symptoms of stroke include:

- Sudden numbness or weakness in the face, arm, or leg—especially on one side of the body
- Sudden confusion or trouble speaking or understanding
- Sudden problems seeing in one eye or both eyes
- Sudden dizziness, loss of balance or coordination, or trouble walking
- Sudden severe headache with no known cause
- Other danger signs that may occur include double vision, drowsiness, and nausea or vomiting.

Coming Soon!...Senior Project Fresh...

Coupon distribution will take place in June 2023 for Charlevoix County.

How Senior Project Fresh Works (Michigan.gov/mdhhs)...Senior Project Fresh/Market Fresh participants are given five, \$5 coupons to use at farmers’ markets and roadside stands that display a sign that reads, “Senior Project Fresh/Market Fresh Welcome Here”. The participant may use the coupon to purchase any Michigan-grown, non-processed product, including honey, from the farm market or roadside stand. The coupon works like cash as payment for the products. Coupons cannot be used for items that are not typically grown in Michigan, such as bananas, oranges, and pineapples. They also may not be used to purchase cheese, meat, or eggs, even though some of these are good sources of nutrition, nor may they be used to purchase flowers or potted plants.

Participants will receive nutrition education when they get their coupons. Nutrition education may be provided in a class-room setting, one-on-one, or, occasionally, at a farm market.

Participants are encouraged to use all their coupons during the season, which operates from May 1 through October 31 each year. If a participant has difficulty getting to a farm market or roadside stand, they may assign a proxy to purchase eligible items for them.

To qualify, a senior adult must be:

- A Michigan resident who is aged 60 years or older
- A Michigan resident who is aged 55 years or older AND belongs to a Michigan federally recognized tribe or urban tribal group
- Have a total household income of 185% or less of the federal poverty guidelines
- A resident of the county in which the coupons are issued

In accordance with federal civil rights law and US Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its agencies, offices, employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, sex, disability, age, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.), should contact the agency (State or local) where they applied for benefits. Individuals who are deaf, hard of hearing, or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

Charlevoix Area Caregiver Support Group - Free & Open to ALL Caregivers

Presented by the Alzheimer’s Association of Michigan and Facilitated by trained staff of the Charlevoix County Commission on Aging.

Build a support system with people who understand.

Develop a support system.

Exchange practical information on challenges and possible solutions.

Talk through issues and ways of coping.

Share feelings, needs and concerns.

Learn about community resources.

Meeting in person at the Boyne Senior Center - Conference Room, The Second Thursday of the month from 1pm - 2:30p

Beaver Island Activities and Update

Contact Lonnie at the BI COA for more information at (231) 448-2124 or Email to allenl@charlevoixcounty.org

Beaver Island Wellness Check Program

The Charlevoix County Commission on Aging and the Charlevoix County Sheriff’s Department are collaborating their efforts on Beaver Island with respect to the safety and wellness of our Seniors on Beaver Island. The COA has created a program with the Sheriff’s Department that will provide free, periodic wellness checks for aging residents of Beaver Island, aged sixty (60) and older due to the limited resources on the island.

Voucher Meal Program

Available at The Beaver Island School, The Shamrock and The Bodega.

Please call Lonnie or the COA Office on the Mainland for all the Other Beaver Island Fun Activities planned like the Tai-Chi, Strength Training, BINGO, Crafts and More!

Reminder: The BI Meal Voucher Program is for Charlevoix County Tax Paying Seniors, 60 years old and older only. Voucher can be purchased individually or up to 10 a month. There is NO reimbursement for any unused vouchers.
