Director's CORNER

Scammers are like viruses: They continually evolve in response to the latest news and trends, using them for new ways to separate us from our cash.

These criminals “are so adaptable, they’re going to just follow the headlines,” says Amy Nofziger, director of fraud victim support for AARP.

As she and other anti-fraud experts note, scammers have proved ingenious when it comes to updating traditional criminal operations such as the romance scam or the Ponzi scheme with new twists to make them more convincing and effective. And like the rest of society, scammers are increasingly going online.

“Most con artists have taken a digital-first approach to scamming,” says Josh Planos, vice president of communications and public relations for the Better Business Bureau (BBB). He notes that the vast majority of today’s scams originate through a digital on-ramp, such as social media or email.

Here are just a few of the emerging scams that anti-fraud experts are tracking in 2023, along with tips on how to thwart the crooks.

One-time password (OTP) bot scam

Credit reporting company Experian warns that scammers utilize bots — automated programs — to deceive people into sharing the two-factor authentication codes sent to them via text or email from financial institutions (or from companies such as Amazon). The bot will make a robocall or send a text that appears to come from a bank, asking you to authorize a charge, then it asks you to enter the authentication code you’ve just been sent if the transaction isn’t yours. It’s

actually the bot that’s trying to log into your bank account, and it wants the code that the bank sent to you as a precaution, so it can get in.

How to stay safe: Never share authentication codes, or provide other information, in response to an unsolicited phone call or text.

“Oops, wrong number!” texts

Seemingly misdirected messages are increasingly the start of a scammer’s ploy. A text message addressed to someone else pops up on your phone. It seems urgent — a re-scheduled business meeting, or maybe a romantic get-together. You text back, “Sorry, wrong number!” The scammer keeps up the friendly texts, and may eventually invite you to join an adult website to see revealing pictures so you hand over credit card info and money, or try to convince you to make a cryptocurrency investment (and take your money).

How to stay safe: Don’t respond to texts from numbers you don’t recognize. Don’t click on links in them or respond with “STOP” if the messages say you can do this to avoid future messages. Block the phone numbers they come from.

If you even think something is suspicious or just not right, it probably is a scam. Remember, you do not have to respond immediately, do your research or tell someone you think you may be getting scammed.

Coming Soon!...Senior Project Fresh...

Coupon distribution will take place in June 2023 for Charlevoix County.

How Senior Project Fresh Works (Michigan.gov/mdhhs)...Senior Project Fresh/Market Fresh participants are given five, \$5 coupons to use at farmers' markets and roadside stands that display a sign that reads, "Senior Project Fresh/Market Fresh Welcome Here". The participant may use the coupon to purchase any Michigan-grown, non-processed product, including honey, from the farm market or roadside stand. The coupon works like cash as payment for the products. Coupons cannot be used for items that are not typically grown in Michigan, such as bananas, oranges, and pineapples. They also may not be used to purchase cheese, meat, or eggs, even though some of these are good sources of nutrition, nor may they be used to purchase flowers or potted plants.

Participants will receive nutrition education when they get their coupons. Nutrition education may be provided in a classroom setting, one-on-one, or, occasionally, at a farm market.

Participants are encouraged to use all their coupons during the season, which operates from May 1 through October 31 each year. If a participant has difficulty getting to a farm market or roadside stand, they may assign a proxy to purchase eligible items for them.

To qualify, a senior adult must be:

- A Michigan resident who is aged 60 years or older
- A Michigan resident who is aged 55 years or older AND belongs to a Michigan federally recognized tribe or urban tribal group
- Have a total household income of 185% or less of the federal poverty guidelines
- A resident of the county in which the coupons are issued

In accordance with federal civil rights law and US Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its agencies, offices, employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, sex, disability, age, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotope, American Sign Language, etc.), should contact the agency (State or local) where they applied for benefits. Individuals who are deaf, hard of hearing, or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.
